

BOARD MEETING

**Fiscal Year (FY) 2026
Federal Information Security
Modernization Act of 2014 (FISMA)
Audit of the Effectiveness of the
Federal Retirement Thrift
Investment Board (FRTIB)'s
Information Security Program**

August 25, 2026

AGENDA

Objectives & Scope

FISMA Audit Results

Sustaining Level 5 Maturity

Looking Ahead

Closing

OBJECTIVES & SCOPE

Determine the effectiveness of the FRTIB's information security program and practices in accordance with FISMA requirements.

Assess the FRTIB's corrective actions taken in response to the recommendation issued in the Fiscal Year (FY) 2025 FISMA audit.

Evaluate the design and implementation of entity wide and system specific controls, with a particular focus on the Converge System.

Scope: October 1, 2025 – June 30, 2026

FISMA AUDIT RESULTS

Effective Information Security Program

6 Functions

Level 5

10 Domains

Level 5

20 Core Metrics

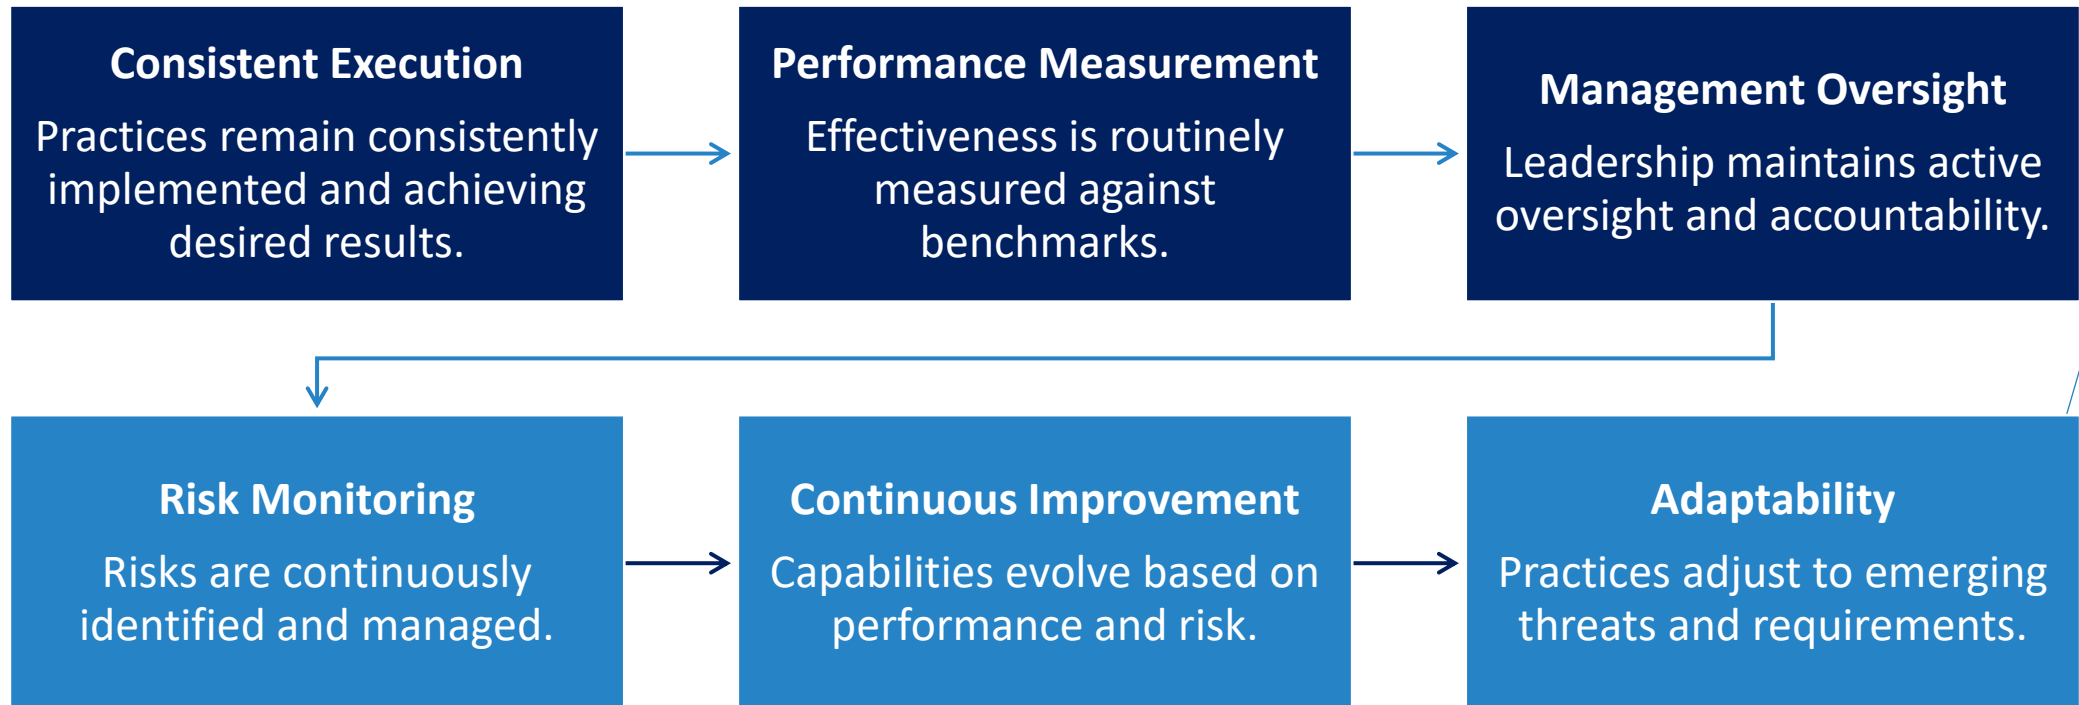

Level 5

5 Supplemental Metrics

Level 5

1 Prior Year Recommendation Remains Open

SUSTAINING LEVEL 5 MATURITY

LOOKING AHEAD

Evolving FISMA Expectations

FISMA will continue to evolve in response to emerging cybersecurity risks, technologies, and government-wide priorities.

Artificial Intelligence (AI)

AI governance, security, and responsible implementation are now important components of the federal cybersecurity and risk management landscape.

Post-Quantum Cryptography

Preparation for the transition to quantum-resistant cryptography is now an important component of federal cybersecurity and long-term resilience planning.

CLOSING

THANK YOU!
